VETERANS & MILITARY SPOUSES, YOUR SUCCESSFUL TRANSITION JOURNEY STARTS HERE.
OUR MISSION:
The Mission of Operation New Uniform (ONU) is to empower veterans and military spouses (active duty and veteran) to successfully transition to a purposeful, stable career.

OUR VISION:
At Operation New Uniform (ONU), our vision is to empower confident graduates who are coveted and embraced by the community.

How is ONU different?
To empower graduates, we leverage the highly successful Sandler Training program and enhance its award-winning results by providing transition-specific supportive services. These services include personalized coaching and mentoring, life skills workshops, networking, resume building, etc.

What are you waiting for?
At ONU, we realize you may have experienced other transition programs, but our program is different. Nearly 100% of our graduates find employment within four months. More importantly, graduates become part of the ONU family forever.

YOUR JOURNEY YOUR WAY:
IN-PERSON
At Operation New Uniform we offer in-person transition training at our Jacksonville headquarters, and at our Tampa satellite office. Each class has an average of a dozen participants which allows for a highly personalized experience. Coursework takes place during the day for veteran students and after hours for military spouses (active duty and veteran) and is led by our Sandler-certified program staff.

VIRTUAL
We offer a virtual option for students who cannot attend the in-person classes. They follow the same coursework, class schedule, and graduation as the in-person participants.

ONLINE (E-LEARNING)
We developed this option for students who require a self-paced e-learning option due to their schedules. This option has a definitive start and end date.

BUILDING VETERANS FUTURES. SAVING VETERANS LIVES.
